Family Contributions

Help make a difference for everyone

Goodwood State School prides itself with setting high educational standards for its students. To help us continue this and keep educational costs down for our families the Parents & Citizens Association raise funds each year to contribute to the costs of resources and other projects that assist to enhance the education of all the students that attend our school.

The Parents and Citizens Association need to raise an average of \$130 per child. This amount raised is put towards our many projects within the school, which are all announced within our fortnightly newsletter. Last year the P&C contributed funds to the swimming program, upper class school camp, and upgrades to technical hardware within the school.

This year the P&C has decided to introduce a voluntary family contribution as we feel this is a great way to support Goodwood State School and will go a long way to helping us reach our target. This year's family contribution is \$20.00 per family, but if you could donate a little bit more it would help us go so much further.

If you are able to contribute to the family voluntary contribution please fill in and return the attached envelope, with funds enclosed.

Thank you so much for supporting Goodwood State School.

The P&C Association
